

Alarm Permits

Although an alarm permit is not required by the City of Damascus, it is up to the homeowner and their alarm monitoring company to maintain current contact information on file with the alarm company. For audible-only alarms (those not electronically monitored), it is important that a neighbor or someone close by maintain the homeowners' contact information. This information allows the fire responder or sheriff's officer to contact the homeowner if onsite due to alarm activation.

Homeowners are expected to maintain their systems in good working condition. Repeat false alarms occupies the time of police and fire responders. Homeowners with repeat false alarms may be subject to a municipal code nuisance fine.

Home owners and installers must comply with building and electrical installation permit requirements. Contact Clackamas County Planning Department for installation and electrical permit questions at:

Phone: 503-742-4400

Address: 150 Beaver Creek Rd. Oregon City Oregon
